MORALITY DEVELOPMENT PROGRAM (MDP)

আন্তর্জাতিক ইসলামী বিশ্ববিদ্যালয় চট্টগ্রাম
الجامعة الإسلامية العالمية شيتاغونغ
International Islamic University Chittagong

Preface

International Islamic University Chittagong (IIUC) is one of the top graded Government approved private universities in Bangladesh. The credit for the idea of establishing this University goes to Islamic University Chittagong Trust (IUCT), which is the founder organization of the University. This Trust is a non-political and non-profit oriented voluntary organization, registered with the Government of the People's Republic of Bangladesh under the Societies Act XXI of 1860. This Trust felt the need for a university under private initiative in view of the absence of institutions of higher learning based on Islamic vision of life in the public sector. With this idea having its origin in 1990, the Trust discussed the concept of a private Islamic university with a group of intellectuals, Islamic thinkers, and educationists, from home and abroad. It was these Islamic personalities that came forward to materialize the dream of such an institution by putting their ideas, energies and fulfilling other requirements. In 1992 an anchor organization called Islamic University Chittagong Trust (IUCT) was founded under the aegis of this body and by the grace of Almighty Allah (SWT), an institution of higher learning under the name of Islamic University Chittagong got the Government's approval on February 11, 1995 and the University was founded accordingly in the same year. Thus a long cherished dream of the people of Chittagong came into reality. In the year 2000 Islamic University Chittagong (IUC) was upgraded into International Islamic University Chittagong (IIUC), thus it got a scope to extend its services to the Ummah at large.

Introduction

International Islamic University Chittagong has a distinct character of its own. It has the avowed objective of imparting contemporary knowledge in consonance with Islamic epistemology and ethical values.

Motto of IIUC

To Combine Quality with Morality

Objective of this university

01. To create a new generation of competent youths, who will be equipped with academic excellence, professional expertise and adorned with moral height
02. To follow a policy of continued modernization of knowledge and academic curricula in different disciplines of education so that its students can imbibe the true spirit of religious value as an effective guiding principle in their profession and daily life.

Why MDP is introduced at IIUC?

Ethics is a set of principles that guides us to evaluate what is right or wrong, and it builds a person's personal character, rational behavior and preferences. Moral values pave the way for all decisions in their lives, as well as help to justify lifelong decisions, goals and actions. Because without these values students have no direction and their life may seem directionless. Today's students will be tomorrow's doctors, businessmen, engineers, scientists, judges, lawyers, law enforcement officers, army officers, politicians, etc. and will hold important positions that will improve or degrade society, community, country and world. Students with high moral values become responsible, accountable and honest people and students without moral values become a threat to themselves and society. It helps to remove the problem of violence, dishonesty, violence etc. from one's life.

Aims & Objectives of Morality Development Program (MDP)

The Morality Development Program offers an innovative and interactive curriculum designed to develop students by enhancing their knowledge of universal principles and values that reflect shared human experiences.

In a rapidly changing and highly interconnected world and in the light of the growth of a knowledge-based economy, there is a need for a holistic approach to the education process. The program helps students to explore diverse issues of learning related to daily life and be benefited by the common values of diverse cultures that coexist in society.

Dress Code

Obeying the dress code is a form of obedience to Allah. The wisdom behind this dress code is to minimize sexual temptation and degradation in society as much as possible for both men and women. Both men and women are expected to create a healthy social environment with constructive morals, manners and values. Men and women are expected to dress simply, modestly and with dignity. Muslim women are commanded by Allah (swt) to wear loose garments so their body-curves are not noticeable to others.

A Muslim woman must at least cover her hair and body in loose and unrevealing clothing, obscuring the details of her body from the public; some also choose to cover their face and hands. Thus, tight jeans, sleeveless dresses are not allowed in campus.

The poster features a blue background with a white line-art illustration of a woman in a hijab at the top. Below it, the text 'FOLLOW IIUC DRESS CODE' is in a white box, followed by the slogan 'Embrace Dignity, Respect the Dresscode'. The poster is divided into two main sections: 'GUIDELINES' and 'MESSAGE'. The 'GUIDELINES' section lists four items with green checkmarks for 'COVERING HEAD', 'DRESS WITH FULL SLEEVES', and 'LONG, LOOSE ATTIRE', and two items with red X marks for 'JEANS/TIGHTS' and 'SHORTS TOPS'. The 'MESSAGE' section contains two white boxes with the text 'Your Dress Represents Your Sense of Modesty' and 'Decent dress preserves your dignity'.
